HAWAII SENDS SPEEDY AID TO HUNGRY SAMOA

Wireless Message to Admiral Moore Brings News of Dire Need Following Destructive Typhoon—Federal Experiment Station Sends Supplies

In order to avoid a crop shortage and possible famine on Tutuila, Samoa, threatened because of the destruction done by the typhoon several months ago, a shipment of seed corn and of sweet potatoes for seed has been rushed down from Honolulu.

Last week Admiral C. B. T. Moore received a wireless message from Cmdr. John M. Poyer, governor of American Samoa and commander of the Tutuila naval station, asking that some relief be sent.

A conference with J. M. Westgate, superintendent of the federal agricultural experiment station of Honolulu followed with the result that when the Ventura left here Monday she carried 1000 pounds of specially selected early maturing corn seed and 500 pounds of early maturing sweet potatoes for planting.

It is presumed that the supplies will be paid for out of the relief fund appropriation made by Congress soon after the typhoon. The crops were utterly destroyed, and if new plantings are not made soon food will have to be shipped to Samoa in large quantities to avert a famine.

SEC. GARRISON AND GEN. WOOD SHARPLY RAPPED

LAKE MOHONK, N. Y., May 20.—Norman Angell of New York, who recently returned from hospital service in Europe, in an address at the peace conference here today took issue with Secretary of War Garrison and Maj. Gen. Wood, who had urged the doctrine of "preparedness." Angell declared that that was "precisely the speech I heard many times in Germany." Wood urged more adequate armament. Angell declared that increased armaments offer no solution for the peace problem.

LAKE MOHONK, May 20.—Secretary of War Garrison was one of the speakers today at the Lake Mohonk conference.

STRONGER NAVY FOR U. S. WINS WILSON'S FAVOR

ITALIAN BUILDING DEDICATED BUT WAR OVERSHADOWS GAIETY

SAN FRANCISCO, Cal., May 20.—The imminence of war for Italy noticeably subdued the festive spirit today when the Italian exposition building was formally opened. Several noted Italian officials were present. There was little of gaiety about the ceremonies.

ATHLETIC RELATIONS OF STANFORD AND U. C. SEVERED BY A DISPUTE

SAN FRANCISCO, Cal., May 20.—Athletic relations between the universities of Stanford and California have been severed for at least a year, the reconciliation committee chosen from the alumni having failed to reach a compromise over the question at issue, the eligibility of freshmen for participation in varsity competition.

Hawaii's Leis Bedeck Congressional Party at Farewell

J. Hampton Moore Indites Farewell Verses to Hawaii

tales of enchantment,
Farewell to thee;
Jewels thou art
In the heart of the sea.
Sad the day parting,
Still shall we be
Lovers afar—
Aloha, Hawaii.

Thus did the congressional poet, Congressman J. Hampton Moore from Pennsylvania put into verse his sentiments upon leaving Hawaii. The above verse composed while watching the tropical sea from the lanai of the Moana hotel this morning.

LAST OF HAWAII'S GUESTS LEAVE ON SONOMA TODAY

Sail on Sonoma at 5:30, Leaving Countless Messages of Appreciation and Praise

Hawaii's congressional guests of the past fortnight, the last of whom leave today, unite in one grand hymn of appreciation for the courtesy extended to them while here.

If one phrase were to be clipped from the general note of praise which would be most representative it would be: "The trip has been the greatest ever. Hawaii will be considered as never before in the light of our understanding of her needs, of her people and of the peculiar problems which she faces as the outpost of the American flag."

On the Sonoma's dock this afternoon at 5:30 o'clock can be seen the departing guests covered with leis and surrounded by Hawaii's hosts in a last aloha. In taking farewell all the visitors tell of some particular impression they received while in the islands.

"I had a certain opinion about conditions here," said Senator Cummins. "Some are unchanged, some are modified and some are completely overturned."

One of the senator's modified conclusions was regarding the ownership

SCULLY'S FUTURE NOW IN HANDS OF TWELVE JURYMEN

John T. Scully, erstwhile manager of the Waikiki Inn, and who was freed of two second degree robbery charges in the territorial court, has played his last card. Whether he wins or loses now rests with a jury in the federal court which probably will return a verdict this afternoon.

Scully was indicted by the federal grand jury on a charge of transporting and otherwise handling opium. The defense closed its case yesterday afternoon and shortly before 1 o'clock today the case went to the jury. The court's instructions to the jury were lengthy. The defense took exception to several sections. In his argument to the jury District Attorney Jeff McCann referred several times to Henry B. Lewis as being in Oahu prison because of Scully's "confession" to the city and county attorney's office.

GRAND JURY PROBING THREE CASES TODAY

The territorial grand jury is meeting this afternoon in the judiciary building and probably will investigate the following cases:

Pyts. Turnley and Baumgartner, Co. C, 2nd Infantry, charged with having attempted to break into a local drug store; Henry Koma, charged with assault and battery with a dangerous weapon; Yamamoto, first degree burglary; M. Thomas, charged with assault with intent to ravish.

The jury probably will make a partial report to Circuit Judge Ashford late this afternoon.

GERMAN OFFICIAL REPORTS SHOW MOVE ON PRZEMYSL

From German official cablegrams received it seems evident that the Teuton Allies are striking hard to recover Przemyśl, the Austrian fortress taken by the Russians after months of siege. A German official report late last evening said:

"WASHINGTON, D. C., May 19.—German headquarters report, May 19: 'Western war theater: North of Ypres there is fighting on the western bank of the canal, with successes for the Germans. South of Neuve-Chapelle the English after a heavy cannonade in several places were repulsed everywhere. On Loretto Height the Germans took some enemy trenches with two machine guns. A strong French attack against the southern part of Neuville broke down under German fire with very heavy losses for the enemy.'

"In Priest Wood the French tried an advance at midnight but were kept down by the fire of the German artillery."

"Eastern war theater: On the line from Shagori to Frauenberg strong forces of the enemy advanced yesterday and north and south of Njemen the fighting continues."

"In the southeastern war theater the Russians tried yesterday to stop by a counter attack the advance of the Teuton Allied troops, which had crossed the River San north of Przemyśl. All these charges failed with heavy losses for the enemy."

"One division of Hanoverians and Oldenburgers took prisoner in the last two days 7000 Russians and also took four guns, 28 machine guns, during the crossing of the San. Fighting continues between Pilica and the Upper Vietsla and southeast of Przemyśl."

The following cablegram from official German sources was received today:

"WASHINGTON, D. C., May 20.—German headquarters report, May 20: 'In Flanders and northwest France, dark weather has hampered operations. Between the Meuse and the Moselle there is a violent artillery duel in progress, but no engagements.'

"On the east front, with the Russian forces advancing on the line from Shagori to Frauenberg, the Germans attacked north of Podubia and conquered Height 105, taking prisoner 800 more Russians. The Russian forces advancing south of the Njemen were completely routed near Pryczak-buda, Sydowfy and Szaki. The enemy's losses were enormous. Therefore the number of prisoners has been increased only 2300. The Russians fled eastward into the forests. The desperate attacks of the Russians against our troops that had crossed the River San, north of Przemyśl, were repulsed and this morning in a counter attack our troops stormed the fleeing enemy's positions."

NO VERDICT YET IN BARNES' CASE AGAINST TEDDY

SYRACUSE, N. Y., May 20.—A verdict in the \$20,000 libel suit of William Barnes, Jr., of Albany against Col. Roosevelt is still to be rendered.

After the jury was out two hours today it returned and requested the judge to repeat that part of his charge which instructed the jurors not to let political opinion enter into their decision. The jury has now been excused until morning.

In concluding his address for the prosecution, William M. Ivins, chief counsel for Barnes, said that Col. Roosevelt is the possessor of the "Jekyll-Hyde" personality instead of Barnes.

EUROPEAN SITUATION BEGINNING TO SHOW MATERIAL CHANGES—SALANDRA INTRODUCES BILL IN ITALIAN CHAMBER CONFERRING WAR POWERS ON GOVERNMENT—GREENBOOK SHOWS NEGOTIATIONS WITH AUSTRIA BEGAN LAST DECEMBER—SUSPECTED SPY SUICIDES

PARIS, France, May 20.—Italy is rebelling against what it considers humiliation at the hands of Austria, according to a despatch today from Rome to the Paris Temps.

The despatch says: "Parliament opened today. Gabrielle D'Annunzio and Premier Salandra made speeches at the opening. Salandra presented a bill to meet the expense of war. In his speech he declared that Italy had submitted to humiliation at the hands of Austria because Italy loved peace."

"By Austria's ultimatum to Serbia, said the premier, Austria annulled the equilibrium of the Balkans and prejudiced Italian interests gravely and so far that Italy could not endure the situation. 'That is why Italy denounced the Triple Alliance on May 4,' he said. 'Italy must be united at this moment when her destinies are being decided.'"

ROME, Italy, May 20.—Austria's final proposals to Italy, based on the Italian demands and the exchange of notes concerning Trentino, Trieste and other territorial issues, have been rejected.

The Italian "Green Book," latest of the publications by the European governments dealing with the issues of the war, shows that negotiations between the two countries began as long ago as last December.

AMSTERDAM, Netherlands, May 20.—"No one in Italy doubts that war with Austria begins today," declares a telegram from Chiasso, Italy, published in the Berliner Tagblatt.

Salandra Takes Step to Give Italian Government War Powers

ROME, Italy, May 20.—Premier Salandra gave further evidence of the determination of the government to be ready for war when he introduced today in the chamber of deputies a bill conferring extraordinary powers on the government in the event that war should be declared. Under this bill the government could take over supplies when needful and secure troops and recruits from among the people. A committee is considering the bill.

Russian Line Along River San Broken; Austrians Near Przemyśl

LONDON, England, May 20.—The Russian fortified line along the river San, for which a furious fight has been raging, has been broken, thus giving the Austro-Germans an important strategic and tactical advantage. The Russian officials at Petrograd now admit that the Austro-German forces have crossed the San River.

The Austrians are attacking Przemyśl. It is reported that the Germans have been expelled from Shavil.
